

To First Responders

- I have a genetic condition called **22q**.
- I have medical and mental health conditions that you need to be aware of.
- Interacting with me will be more positive and productive if you visit www.22q.ca and check out the **Info for Police Officers**.

“22q” or “22q11.2DS” stands for “**22q11.2 Deletion Syndrome**, formerly known as “velocardiofacial syndrome” or “DiGeorge syndrome”.

To First Responders

If you need help interacting with adults who have 22q, please contact the Dalglish Family 22q Clinic. Our physicians and social workers will be glad to assist. Thank you.
